

HOPKINS FIRE
DEPARTMENT

2016

ANNUAL REPORT

LETTER FROM THE CHIEF

To the Hopkins City Council, Hopkins City Manager, and citizens of Hopkins:

I submit the annual report for the Hopkins Fire Department for the year 2016. This year in review compares the past 12 months with previous years. Fire Departments across the nation and the state of Minnesota are no longer just responding to fires, and the Hopkins Fire Department is no exception. *(For a full list of the services the department provides, see page 14.)*

The Hopkins Fire Department continues to place a strong emphasis on fire prevention and maintains a focus on inspections. Through the efforts of Fire Inspector Garrett Grniet, effective fire and life safety inspections, pre-planning, public education and public relations continue to be conducted throughout Hopkins. These efforts have also helped us to receive a Life Safety Award from the National Association of State Fire Marshals for the fourth consecutive year.

Training also continues to be a focus. Thanks to the work of Assistant Chief of Operations/ Training Pat Sandon, Training Captain Paul Odden and Lieutenant Derek Mann, highly skilled firefighters serve the Hopkins Fire Department. Our training covers firefighting, all types of rescue, medical, hazardous materials and other special skills. The members and officers of the department devote much additional time and effort in developing firefighting, leadership and management skills to more effectively lead the department.

With the continued efforts of Assistant Chief Curt Mackey, the department's State Chemical Assessment Team (CAT) continues to train and be ready for response to any incidents in our response area.

I would like to express my utmost thanks to the members of the Hopkins Fire Department, who carry out dedicated and effective service day and night. They provide unselfish and dedicated response, training, and prevention 24 hours a day. It is the efforts of this group, combined with the efforts of others, that have allowed us to meet our accomplishments noted within this report. I would also like to express thanks to Administrative Specialists Jane Ale and Abby Myers for their dedicated efforts that happen behind the scenes and may go unnoticed.

Thank you to the City Council and all City staff who have been so supportive and have assisted the members of the fire department in our accomplishments.

The Hopkins Fire Department will continue to face increasing challenges: financial stability; all-hazard preparedness and training; recruitment of firefighters and staffing; and increasing training requirements and responsibilities. Yet, in the midst of all these challenges, personnel will continue to perform their duties with the highest regard.

Continued dedication to both training and emergency response will provide the highest quality emergency response for the citizens of Hopkins.

Respectfully submitted,

A handwritten signature in black ink that reads "Dale Specken".

Dale Specken,
Hopkins Fire Chief

February 2017

Dollar Loss

**Does not include dollar loss from Jacob's Trading fire, which totaled \$25 million*

2016 Fires by Occupancy

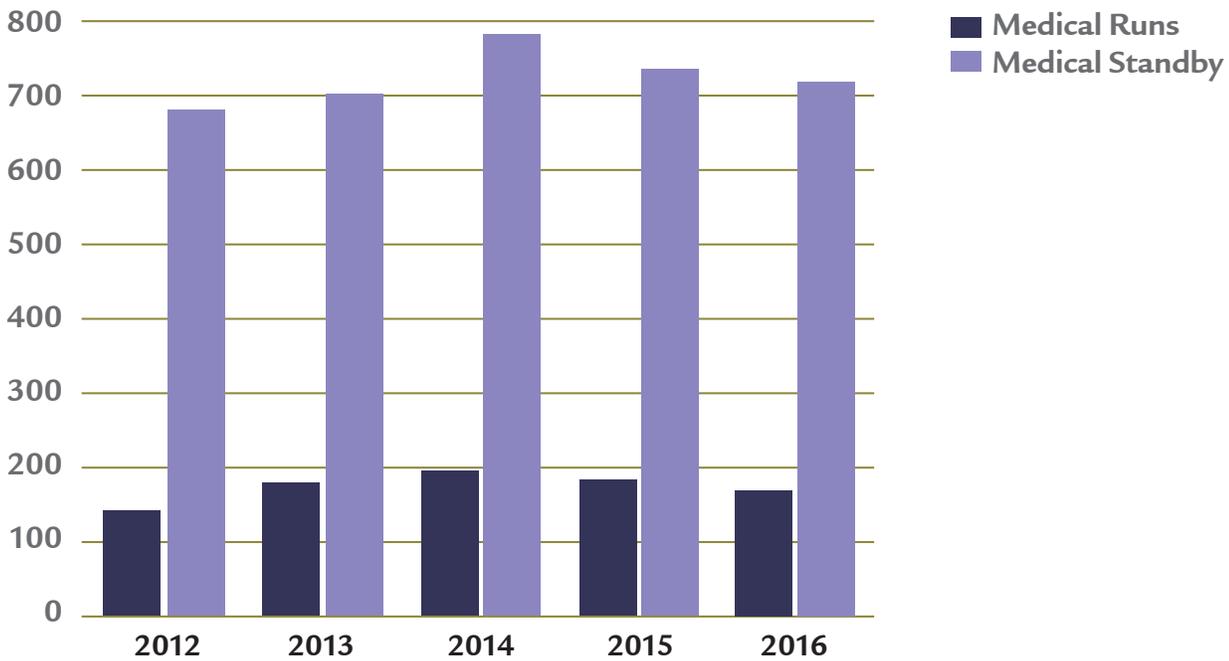

RESCUE

The Hopkins Fire Department responded to medical calls and crashes, and provided personnel to ride along in the ambulance with critical patients. It also assisted police departments when additional personnel was needed to provide lift assist to citizens and responded to mental health incidents.

The fire department provides duty crew response Monday through Friday from 8 a.m. to 4 p.m., and Friday and Saturday nights from 7 p.m. to 3 a.m.

Rescue Response Breakdown

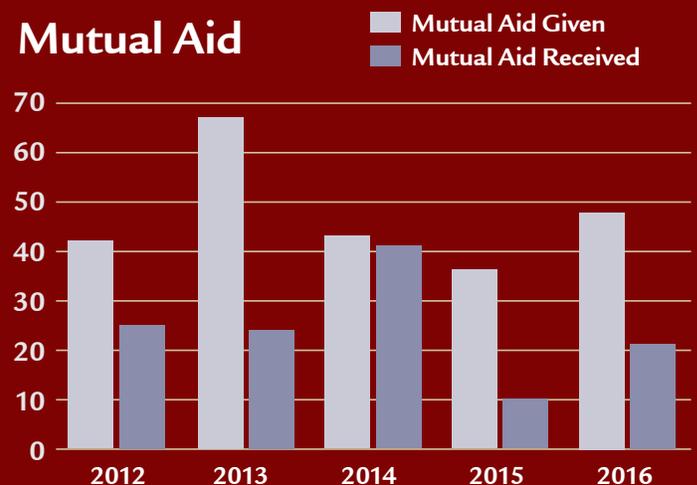

SPECIAL RESPONSE

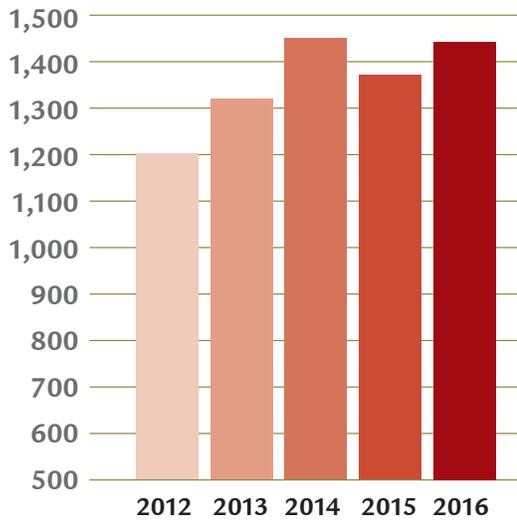

In addition to fire and medical calls, the Hopkins Fire Department provided **weather stand-by** at the fire station and responded to **incidents resulting from severe weather**. It also responded to **missing persons** and **hazmat incidents**, including gas spills, leaks and carbon monoxide alarms.

Additionally, the Hopkins Fire Department responded to mutual aid and auto aid calls for assistance to other cities and agencies.

TRAINING

The Hopkins Fire Department is committed to training in all areas of service. In 2016, the department developed and implemented a training plan and conducted weekly drills.

Firefighters attended conferences and sectional schools to enhance firefighter, leadership, and technical rescue skills and abilities. Three firefighters completed Firefighter 1 (FFI) Training. The department also conducted emergency medical technician (EMT) refresher training and specific fire officer training.

In addition, members of the department conducted hazmat, bloodborne pathogens, and confined space awareness training, pumps training, and also held driving drills to maintain and enhance emergency vehicle operations.

All firefighters continued to undergo fitness testing and annual medical surveillance. Training was held to promote fitness improvement.

Training was also held for the National Incident Management System (NIMS) and Incident Management Team (IMT).

Finally, the Hopkins Fire Department participated in Joint Operations training with south metro fire departments, and developed and conducted orientation for new City Council members.

EMERGENCY MANAGEMENT

Strategic efforts to be prepared for emergency situations continued in 2016. These activities included:

- Participating in South West Emergency Management Group meetings and Hennepin County Emergency Management quarterly meetings
- Serving in a coordinator role with police in the area emergency management program
- Delivering overall emergency management orientation to newly-elected officials
- Emergency Management Assistance Compact training and coordination with the state
- Participating in the All Hazards Incident Management Training
- Conducting monthly training for Community Emergency Response Team (CERT)
- Developing a Mitigation Strategies Plan for the City of Hopkins for the Hennepin County Mitigation Plan
- Continuing the assessment and completion of an effective Emergency Operations Center (EOC). This included:
 - Purchasing equipment to create effective operations in the room
 - Conducting ongoing testing of operations in the EOC
 - Coordinating and conducting awareness training for administrators and public works staff on EOC set-up and operations

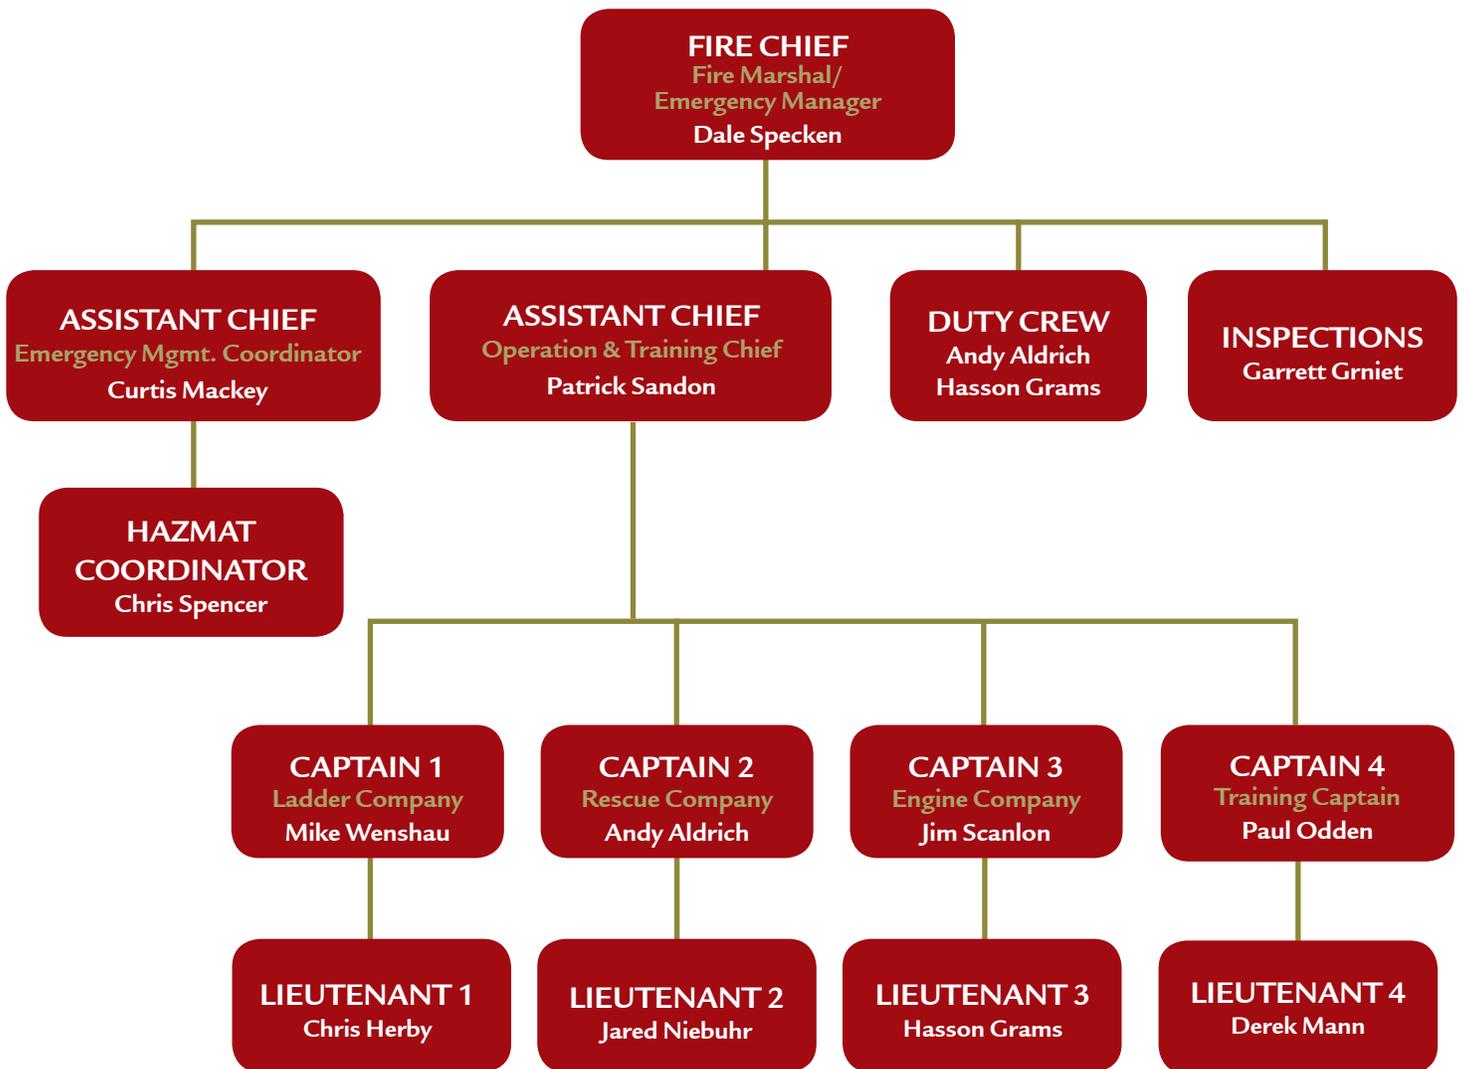

Hopkins Fire Department Officers

In 2016, Hopkins Fire Department Administration continued to forge partnerships with other cities and associations, secure grants, manage budgets and personnel, and keep the department prepared and fit to provide excellent public safety service for the citizens of Hopkins. Specific activities included:

- Conducting four business meetings with Hopkins Fire Department personnel
- Developing and operating within the 2016 Operating Budget and Capital Improvement Program
- Developing the 2017 Operating Budget and Equipment Replacement Budget
- Researching, evaluating and dealing with personnel issues
- Finalizing and implementing the updates to the Standard Operating Procedures/Standard Operating Guidelines for the Hopkins Fire Department
- Participating in multiple community meetings that included cities, businesses, schools and community associations
- Coordinating and participating in multiple public safety meetings with area fire, police and EMS teams
- Providing development and delivery of training with the Hennepin County Fire Chiefs Association
- Participating in Hennepin County Life Safety Unit meetings and equipment upgrades
- Reviewing mutual aid agreements with local, regional, state and national areas
- Assisting other agencies with the recruitment and promotional process
- Conducting a recognition event for firefighters
- Attending state and local meetings
- Participating in the following associations:
 - Hennepin County Fire Chiefs
 - S.W. Joint Operations Group
 - Metro Fire Chiefs
 - United Firefighters
 - Minnesota State Fire Chiefs Association
 - Minnesota Fire Department Association
 - South West Emergency Management Group
 - Association of Minnesota Emergency Managers
 - Southwest Fire Marshals Group
 - South Emergency Managers Group
- Implementing enhanced communications within and outside of the fire department by:
 - Utilizing a weekly email update to the firefighters
 - Conducting monthly officer meetings
 - Problem-solving and developing operational improvements for the department's computer systems
- Attending funerals of retired Hopkins Fire Department firefighters, retired firefighters' family members and community members
- Participating in meetings with the Joint Powers Agreement for turnout gear

FIRE DEPARTMENT BREAKDOWN

FIRE SERVICES INCLUDE:

- Response – fires, emergency medical services (EMS), personal injury crashes, hazardous materials, natural disasters, heavy rescues, terrorism, grass fires, mass casualties, high angle rescues, and confined space rescues
- Investigations – fire cause and origin, arson
